## Gratitude and Appreciation

### To Small World UAE

Resala Charity Organization was born to unleash the spirit of positivity and volunteerism among youth, to spread good, wellbeing, and develop the community. Resala includes many (27) activities (e.g. raising orphans, providing assistance to needy families, distributing used clothes, providing residence for elderly, ...) that are undertaken mainly by volunteers.

Atfal Ad-ElHaya (children capable of living) is one of the activities in Resala that works with street children. In this activity social workers together with volunteers, work on reforming street children or children at risk.

Many of these children did not receive any education and thus they need to learn some skills that will help them find a job once they grow up. This requires sending the children to specialized centers to obtain vocational training. The funding provided by SmallWorld UAE will help provide training to 10 children (5 boys and 5 girls).

Atfal Ad-ElHaya and Resala Organization is grateful to SmallWorld UAE and Abu Dhabi for the generous support received. Our children will always remember all those who supported them in any way.

Regards

Prof. Karim Rakha
